UNIVERSITY OF THE PHILIPPINES

COLLEGE OF AGRICULTURE

LOS BAÑOS
OFFICE OF THE DEAN

IN REPLY, PLEASE REFER TO NO. _____

June 24, 1920.

My dear Prof. Munz:

Have you seen the first paper of the important series to be published by Dr. Francis W. Permell (N.Y. Botanic Garden) on the western Scrophulariaceae? These are being published from the U.S. Natl. Herbarium.

I note that his revision of Pentstemon changes the determinations on many of my earlier issuances from the west, specimens of all of which ought to be in the Pomona Herbarium. I regret that the Pomona material was not in his hands. I hope you will at once get into correspondence with him regarding the revision of the large Pomona material.

Sincerely

C. F. BAKER,
Dean.

Prof. P. A. Munz,
Pomona College,
Claremont, California.
